Club Presidents,

Please help us with one of the “President’s Special Projects” this 2013 club year. We wish to construct a “wall” of tri-fold boards bearing the names and information of our military service members past and present—men and women who are family, close friends or neighbors of MFWC club women.

The project is called “GFWC-MFWC President Poyner’s Military Honor Board”. Names from each of the clubs of the five districts will make up their part of the “wall”.

Please appoint a person or persons from your club (someone who is internet savvy) to gather this information of military personal or persons from your club members.

The chairperson in your club should go to: http://www.gfwc-mfwc.org/GFWC_MFWC_Club_Resources.html. Please scroll down the page to below Suzanne’s PSP logo. Download the version that is needed by clicking on the appropriate file i.e. Word 97-2003, Word 2007-2010 or Adobe PDF. Once downloaded, insert the Avery White Shipping Label #48863 into the printer and print the number of desired pages. After entering the information for each of your honorees please send the sheet/sheets of typed labels from your club to be placed on the district tri-fold honor boards. Remember the district president-elect from your district will be the person to construct the tri-fold boards from the typed labels that you send to her.

Listed below are the president-elects of the five districts. (Mail your labels by the February 1, 2013 dead line with the exception of Sherrie Reid, District I whose convention is scheduled for February 23rd. She might prefer to set January 25th as her deadline). Check with her for her preference.

Each District President-Elect will design the tri-fold "Honor Boards" for her district. The labels of names will come from every club in the district. The "District Honor Boards" will be on display at the respective conventions on the scheduled dates.

In April the "Honor Boards" for all five districts will be on display at the GFWC-MFWC State Convention in Raymond forming a MS Honor Board Wall. The display will be taken to and displayed at the GFWC Convention in Florida during the month of June, 2013.

Numbers of tri-fold boards used may vary from district to district but our goal is to spotlight as many military members as we can for this project.
